

SPECIFICATION

2008 Bombardier Lear 45XR S/N 372

*Total Time and cycles Airframe & Engines: 2.793 hours, 2.223 cycles.
Engines and APU enrolled on JSSI.*

Exterior:

All over grey metallic with white and dark stripes. Presents itself very well! From New.

Interior:

Fire blocked cabin seating for a total of nine passengers.

Eight passenger seats in a double club configuration with an aft belted lavatory seat certified for takeoff and landing.

The interior is completed in light beige with brown lower sidewalls. The woodwork is covered with a brown veneer. The Hardware is completed in a brushed aluminum finish. The interior is very tasteful IRL and in good condition!

The fwd Refreshment center has a Warming Oven and Dual hot water containers.

The Galley area has a jump seat / rest seat for a potential hostess joining the flight. This seat is not certified for takeoff and landing though.

The Entertainment system has a DVD player, CD changer and Airshow 410. On the forward and aft dividers, you will find the larger than standard 12,1" LCD monitors.

For an extraordinary sound experience the Entertainment system in this aircraft includes a factory installed Subwoofer!

The Iridium Satphone system has dual handsets – one in the cabin and one in cockpit.

Maintenance and Pedigree:

SALES

The aircraft has had two owners since new and both are exceptional. The aircraft has not lacked any attention what so ever. This is a pampered aircraft that truly has been *always hangered!*

A/B/C inspections and MPI of engines are scheduled at LBAS, Germany in August.

ADSb-out / WAAS/LPV Slot (Bombardier SBs) available and can be performed upon Buyer's request prior to or after delivery!

No damage history.

The aircraft is based in Stockholm, Sweden.
